Application form notes:

* For self-employed applicants, the industrial experience can be attested by a referee. A referee can be certified to Level 2 or 3 in any NDT method; or a non-certified person approved by GULT. In case a referee is used please provide a copy of their valid Level 2 or 3 certification or contact GULT.

† One day duration is at least 7 hours, which can be achieved on a single day or by accumulating hours. The maximum allowable hours in any one day is 12 hours. Experience in days is achieved by dividing the total accumulated hours by 7.

‡ Possible reductions in duration of experience are as described below. Any reduction requires acceptance by the certification body.

- 1) A certified Level 1, 2 or 3 in an additional method may be permitted a reduction of required experience of 25%. Please submit a valid certificate in the additional method for consideration of experience reduction.
- 2) Up to 50% of the industrial experience time may be achieved by a structured experience program. One day of attendance at such program with a GUL GWT Level 3 or Level 2 can be considered equivalent to 5- or 3-days industrial experience, respectively. The program must include all typical tasks of the level, method and sector concerned. The program must be approved in advance by GULT.
